

## THAT IS SO 5,000 YEARS AGO: AN EXPLORATION INTO JEWISH LIFE CYCLE

Most of the major Jewish lifecycle markers have their roots in biblical stories and law. Custom over time and practice, throughout the world, influence ritual and ceremony. Recently, we've seen a surge in innovation in Jewish lifecycle ritual through the creation of new ceremonies and the re-shaping of ancient ones.

We'll spend the weekend looking back at the way Judaism has marked lifecycle passages, and discussing and exploring developments in these significant events.

When completing your registration form, please note the line for the Retreat Scholarship Fund and consider a donation. This fund will assist families in need of financial assistance to attend this unique event.
