

# Solar Energy for the Home

## Panel Discussion

Now more than ever we need to move our energy source from fossil fuels to sustainable sources.

Learn about options for solar energy for your home. Solar energy is competitive with fossil fuels and can now be accessed without large investments or complex roof installations.

**Oseh Shalom's  
Environmental Working Group**

will host a panel discussion on

**Sunday  
October 3, 2021  
at 7 p.m.**

via Zoom using the standard  
Oseh Shalom password

Listen to a panel of experts on solar power discuss the various options for bringing solar to your home. The panel will be moderated **by Mike Tidwell**, Executive Director of Chesapeake Climate Action Network.

**A question-and-answer period will follow the discussion.**
